

**Pack less. Protect more. Stack higher.**

**L POLYPOST™**

THE IDEAL SOLUTION TO **REDUCE PACKAGING COSTS**

## Reinventing packaging

POLYPOST™ is the optimal solution for all your products protection needs. During transport, storage, handling or final delivery, your products are constantly subjected to impacts that can cause damage.

This packaging solution is made of solid cardboard, allowing a complete protection and providing a **vertical strength** to stack your products up to 6 000 lbs. The cardboard corners are reinforced with expanded plastics, making the packaging **multi-impact**.

## Unique in Canada

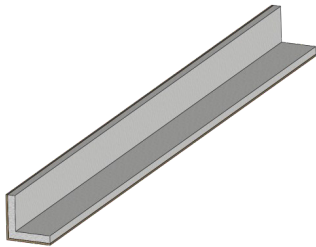

POLYPOST™ is a revolutionary and unique solution allowing you to pack in an efficient way while using less materials. For more information, please visit [www.polyform.com](http://www.polyform.com) or talk with our packaging experts at **1.800.463.8378**.

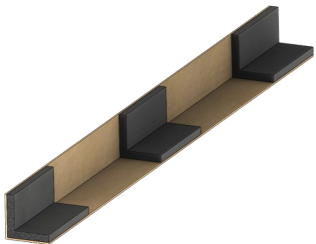

## PIECES PER PALLET

SIZES	24 INCHES TO 60 INCHES LONG	61+ INCHES LONG
2.2.120	2940	1470
2.2.160	2240	1120
2.2.225	1540	770
2,5.2,5.120	2520	1260
2,5.2,5.160	1920	960
2,5.2,5.225	1320	660
3.3.120	2100	1050
3.3.160	1600	800
